

## Grants by Grant Cycle

Grants matching your search for **1994-95 Used Oil Research, Testing & Demonstration Grants (URD1 )**

### County

**Grantee:** Recoil Recycling Products, Inc.

**Amount Awarded:** \$77,900.00

**Grantee Contact:** Mr. Phillip Chauvet

**CalRecycle Grant manager:** Debra Kustic

**Project Summary:** Funds will be used to evaluate the effectiveness of an innovative used oil collection container with either 1 or 4 valves for dispensing used oil back into empty virgin oil containers. Approximately 8,000 containers will be distributed in 3 -4 jurisdictions and a survey will be conducted to determine if the container lead to increase oil collection.

*Total Awarded for County:\$77,900.00*

### Alameda County

**Grantee:** Department of Toxic Substances Control

**Amount Awarded:** \$300,000.00

**Grantee Contact:** Mr. Robert Haas

**CalRecycle Grant manager:** Caroll Mortensen

**Project Summary:** Investigate reliable, inexpensive, and field-portable screening methods for halogens and polychlorinated biphenyls. Methods for improved metals determination (e.g. arsenic, cadmium, chromium, and lead) will also be investigated to determine their feasibility.

*Total Awarded for County:\$300,000.00*

### Los Angeles County

**Grantee:** Americlean Environmental Services

**Amount Awarded:** \$238,600.00

**Grantee Contact:** Mr. Louis Ippolito

**CalRecycle Grant manager:** Pat McDermott

**Project Summary:**

Funds will be used to develop 6 reverse-vending used oil collection tanks. The tanks will be at least 300 gallons in capacity, be capable of dispensing receipts and provide service to the public 24 hours a day. The objective of this type of equipment is the expansion of the used oil program into areas not serviced currently (e.g., marinas, convenience stores, and remote rural settings) and to allow existing centers the option of utilizing a labor saving device to increase revenues.

**Grantee:** Rosemead Oil Products, Inc.

**Amount Awarded:** \$199,912.00

**Grantee Contact:** Mr. Richard Schoensiegel, Jr.

**CalRecycle Grant manager:** Caroll Mortensen

**Project Summary:** This project will develop and test lubricating engine oils made from rerefined base oils for emerging markets in alternative fuel vehicles and marine vessel diesel engines. The alternative fuel vehicle engine oil will be developed and provided to selected transit districts for engine tests in their respective compressed natural gas powered fleets. The marine diesel engine lubricating oil will be developed and provided to the Boy Scouts and Girl Scouts for engine tests in their respective marine vessels. This development and testing process will demonstrate the feasibility of rerefined lubricating oils in the emerging compressed natural gas vehicle and marine vessel diesel engine markets.

*Total Awarded for County:\$438,512.00*

## Mendocino County

**Grantee:** City of Fort Bragg

**Amount Awarded:** \$21,575.00

**Grantee Contact:** Mr. Ron Bates

**CalRecycle Grant manager:** Darlene Falconer

**Project Summary:** Grant funds will be used for a feasibility study for recycling used oil into steam locomotive fuel to determine whether a program for its use can be established in a technically, environmentally, and economically sound manner.

*Total Awarded for County:\$21,575.00*

## Sacramento County

**Grantee:** Ross-Campbell, Inc.

**Amount Awarded:** \$95,140.00

**Grantee Contact:** Mr. Shawn Campbell

**CalRecycle Grant manager:** Sally French

**Project Summary:** The project will develop and implement an educational campaign that targets vehicle fleet managers and purchasing agents at the local government level. The project will demonstrate to local government leaders the feasibility of the purchase and use of rerefined oil for their vehicle fleets.

*Total Awarded for County:\$95,140.00*

## Santa Barbara County

**Grantee:** Community Environmental Council

**Amount Awarded:** \$232,592.00

**Grantee Contact:** Mr. Cullen Carey

**CalRecycle Grant manager:** Janet Page

**Project Summary:** This project will develop an education and training program that will promote the use of rerefined oil throughout California by informing decisionmakers and oil users on the policies, benefits, and technical aspects of using rerefined oil. The training will target a broad group of users from state and local government agencies and departments, to metropolitan transit districts, private industry, and independent mechanics.

*Total Awarded for County:\$232,592.00*

## Sonoma County

**Grantee:** Unocal 76 Products Company

**Amount Awarded:** \$87,751.00

**Grantee Contact:** Mr. Tim McKee

**CalRecycle Grant manager:** Carol Mortensen

**Project Summary:** Grant funds will be used to offer a co-op advertising program and lubricating oil dispensing equipment to prospective retailers and automobile service facilities for the use of and promotion of rerefined lubricants. Funds will also be used for a NASCAR racing car to utilize and promote in a high-profile manner its use of rerefined oil.

*Total Awarded for County:\$87,751.00*

## Yolo County

**Grantee:** C.F. Services

**Amount Awarded:** \$174,332.00

**Grantee Contact:** Mr. Grant Cooper

**CalRecycle Grant manager:** Sally French

**Project Summary:** Grant funds will be used to demonstrate devices on vehicles and equipment which incorporate a closed lubricating system which eliminates used oil at the source. The project will involve testing the product and evaluating, comparing and recording the results to help the system gain commercial acceptance.

*Total Awarded for County:*\$174,332.00

<b>Grant Count: 9</b>	<b>Grand Total for Selected Counties: \$1,427,802.00</b>
